

# Dimensions

Fundamentals of Early Intervention Service Delivery

**August 31, 2023 –  
January 11, 2024**

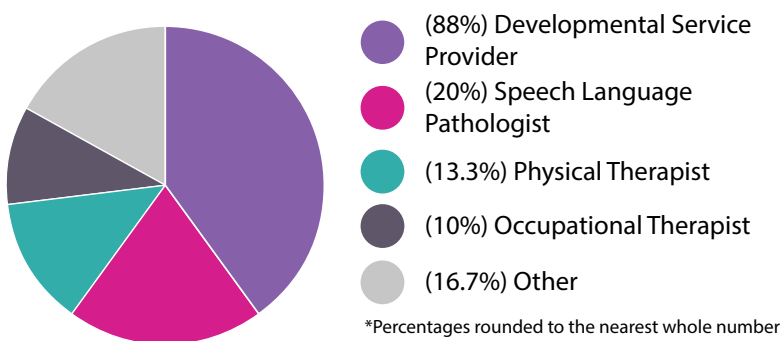

Dimensions is a 7-session short course designed to introduce the fundamentals of early intervention (EI) practice that are essential for all service providers to understand.

Dimensions enrolls new service providers with less than 18-months experience in EI for 7, 90-minutes sessions for a total of 10.5 professional development contact hours. This evaluation assesses the impact of the pilot version of the Dimensions short course.

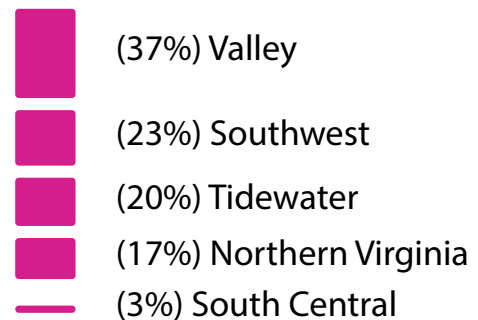

# 100%

Highly Satisfied or Satisfied with  
the short course

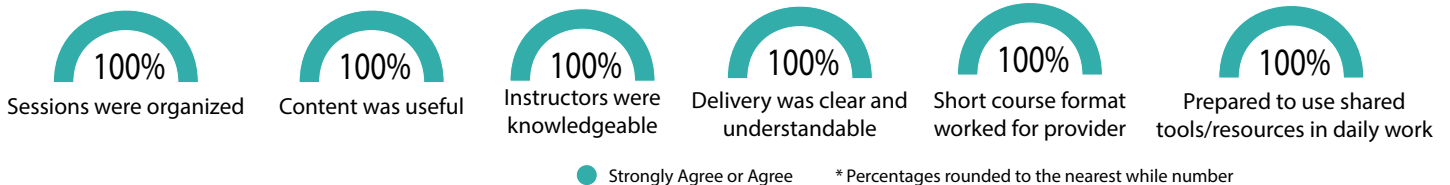

## Primary Roles

## Regions

## Participants felt that

"I feel more confident in my skills as an early intervention clinician and have more understanding of how to incorporate functional and routine-based interventions into my therapy sessions."

"I feel my understanding of family centered interventions has deepened and I've been given some more concrete approaches to these."
