I learned more about practical strategies that I can use.	97%
As a result of this webinar, my knowledge/skills have increased.	95%
The training will have a positive impact on my professional work.	96%

HOW will you use the information you learned?

Participants overall mentioned they will:

- Work with families and teachers on joint attention and communication skills
- Share information from the webinar with families and colleagues
- During intervention and assessment, include in writing goals and in identifying needs early

I really liked the resources. I'm always looking for ways to help caregivers understand milestones and outcomes that are being addressed.

I am an early intervention SLP, so I will use this information everyday. I am excited to have extra resources for parents that really need more.

I appreciate the time and energy involved in putting these Talks on Tuesdays together. We are so fortunate to have an awesome state program!
